

IT'S TIME TO BE SEEN... *AND HEARD!*

SUBSTANTIAL CHANGES to our country's healthcare system have placed the home medical equipment (HME) and services you require at risk. As a consumer, there are several important reasons why you should attend Medtrade, the HME and respiratory sector's largest annual trade show.

- Have your voice heard on the current state of medical equipment reimbursement and the HME profession at large.
- Educate yourself on important legislation that will impact your access to products and services.
- Attend an interactive consumer panel and express your views to industry leaders.
- See the largest selection of disability and mobility related products under one roof.
- See upcoming products before they are available and provide your input directly to manufacturers.
- Interact with hundreds of other attendees.

CONSUMER ADVOCACY DAY AT MEDTRADE • **NOVEMBER 18**
Georgia World Congress Center, Atlanta, GA
