For Immediate Release.

RELIABLE MEDICAL ANNOUNCES TEXAS EXPANSION WITH PURCHASE OF COMPLEX REHABILITATION TECHNOLOGIES, INC.

MINNEAPOLIS, MN--. (August 30, 2021) – Reliable Medical (“RM”), a partner of Seven Hills Capital, is pleased to announce the acquisition of Complex Rehabilitation Technologies, INC (“CRT”).

CRT, Inc. was founded in 2014 and has since become a leading provider of complex rehab solutions in Texas. With the addition of CRT, Reliable expands its commitment to excellence to a larger client base in need of customized mobility equipment.

“We are pleased to welcome CRT to the Reliable Family,” stated Katie Stevens, CEO of RM. “As a company we are committed to focusing on intentional growth for the right reasons by targeting companies who share the people-centric approach that has led to Reliable’s success. Our ongoing partnership with Rose and the CRT team will serve as a paramount example of intentional growth, and our commitment to people-first cultures.”

Rose Espinoza, CEO of CRT, has plans to remain a part of the Reliable team as a Region Vice President. “It was clear that our cultures aligned. This partnership, under Katie Steven’s leadership, will set the standard on how we can still achieve high-level patient care and access in an industry that is rapidly changing” said Rose, expressing her enthusiasm about the transition. “We are proud to be a part of this growing organization and are ready to lead the industry by ensuring that our first commitment will always be the patients we serve.”

Matthew Pettit from Seven Hills Capital added, “We partnered with Reliable to help the company expand their patient-first approach to a larger population. The CRT acquisition is another meaningful step forward in executing this strategy and expanding RM’s footprint to a new geographic area. We are excited to welcome the CRT team to the continuously expanding RM team to continue our growth plans.”
