Be a Champion for Homecare

Virtual Format
AAHomecare has once again partnered with Advocacy Associates to provide a virtual conference experience that will allow HME stakeholders to meet through Zoom with members of Congress and their staff. As in previous years, AAHomecare and our partner will schedule all meetings for you, provide the resources to help you articulate the issues, and connect you with colleagues who share a common elected official. You will have the opportunity to meet with your "team" prior to discussions with your legislator to determine an order to the conversation and which talking points are most critical to your business. This easy to use, convenient format for conference attendees was well-received in 2021.

Live Training
On September 14, registrants can watch a live presentation containing details for the Legislative Conference, including:
- Training from Advocacy Associates on the meeting platform, meeting schedules, making updates to the schedule, and how to connect with colleagues who share an elected official.
- Issue Education from AAHomecare's leadership on the key issues, resources available to help you tell your story, and policy changes affecting your business.

Time to Educate Congress on Homecare's Impact
Advocacy helps legislators understand the challenges you face, allowing you to work together for a solution. It also allows you to make informed decisions for your company. Don't miss this once a year opportunity to advocate for your business and patients with colleagues across the nation for a broader impact.

The HME industry has been reduced by more than 40% since Congress implemented the competitive bidding program, which focuses on price rather than service. We continue to seek fair reimbursement and policies that are more favorable to the HME community and the patients we serve. It is critical that all HME stakeholders be represented at the 2022 Virtual Washington Legislative Conference!

Register by September 14, 2022 to secure your spot!
# Registration Form

Each person attending must complete a registration form.
